

Ifs and buts

I sometimes think I am a berk
For volunteering for the work
Of serving our Society
By chairing our committee

There's always something on our plate
Which seems to need endless debate
I sometimes feel I am a clutz
When dealing with the ifs and buts

The endless details we must amend
So that our members can attend
The tours, the talks, the parties, too
Events we schedule the whole year through

But somehow it all comes out right
Be it a Show or the Quiz Night
So with 'ifs and buts' I will contend
Because the members are my friend

Our good works are there for all to see
And brings a sense of community
That's why I love the CHAS a lot
As well as my allotment plot

My job as Chair makes me a drudge
But it's not a job I will begrudge
Because I know it's all worthwhile
When I see our members smile.
